Interests and Achievements

Self learning, Java, maven, spring, javascript, nodejs, express, webpack, react, HTML, CSS, sass: I took several online courses on www.coursera.org and www.udemy.com. The courses covers besides the languages and frameworks listed above the fundamentals of software where I learnt about foundational concepts such as object oriented programming, algorithm development, data representation, and debugging.

Self learning, Linux debian and arch based distributions: Debian, ubuntu, linux mint, arch and antergos. Managing linux OS for personal use since 2002 when I installed my first distribution SUSE.

Voluntary Work (Nov 2012 to Jun 2013): Worked as a Teacher's Assistant in Warrenmount CED Centre, Dublin. This is an Education Centre for local people who need to learn about different topics such as I.T., English language and Irish culture. I taught the learner how to complete online courses on managing a computer.
